**Eleven-Eleven Durham: NC Fresh Catch 6th Annual Homecoming at Durham Central Park
Saturday, November 11, 4-9pm**

NC Fresh Catch heads home to Durham for their 6th annual event with live music, craft beer and fresh North Carolina seafood. Menu items include a Fireside Oyster Roast, Spanish Seafood Chowder, Fried Oysters, "Catch of the Day" Chef's plates, plus Braised Brisket and Chicken from our friends at Braising Hell Food Truck.

The music starts out for the kids and the kids at heart with Raleigh's own *Eight Bit Disaster*, a video game tribute band that performs high-energy arrangements of obscure video game songs. *Durham's Emily Musolino Band* follows with a set that blends soulful vocals and Blues-Rock shredding guitar riffs. The evening keeps heating up with the delightful and mesmerizing *Jo Gore*, delivering a post sunset performance of Classic, Soul and Jazz standards. Closing the evening out and to keep you on your toes is power-duo *Pastor Joe* playing live and loud on the beer garden side stage.

ATTENTION BEER LOVERS! Enjoy an exclusive craft beer experience from *1718 Brewing*, Ocracoke Island's very first brewery. The brewery tips its hat to the infamous pirate Edward Teach, better known to many as Blackbeard, and the year of his demise in the gruesome battle at Teach's Hole. Additional beverages provided by Durham's newest ambassador to the Craft Beer world, *Durty Bull Brewing Company*.

Partial proceeds will benefit this year's nonprofit partner The Scrap Exchange who also be hosting a raffle along with fun activities for the entire family from 4:30-6:30. Craft your own fishing pole activity for kids & pirate-themed Masquerade competition for the adults. Both Masquerade and raffle prizes will be awarded from local businesses including *American Tobacco Campus*, *ZenFish*, *Scrap Exchange* and more.

Admission is \$5 at the gate, rain or shine. Kids 12 and under are FREE. All food & drink sold separate and while supplies last. Entry wristbands are required to purchase food and drink. Limited seating is available but there is plenty of lawn space for blankets and lawn chairs. Parking is free, on the street and at the Farmer's Market parking lot directly behind the venue on Morris St. For full event details please visit www.ncfreshcatch.com.

NC Fresh Catch is a statewide concert series promoting the richness of North Carolina's natural and creative resources. This unique series focuses on creating and strengthening community relationships between local arts and sustainable commerce in North Carolina and abroad. Partners include a range of musicians and artisans, local and regional farms, fisheries, restaurants, non-profit organizations and craft breweries. These efforts combine to ensure the continued growth of sustainable relationships and practices and raise awareness of the state's resourceful communities.

Interview Options: If you would like to interview festival organizer, Michael Kalna, or any of the musicians, chefs, fishermen and farmers involved in the event, contact Michael Kalna at 919-428-0845 or michael@ncfreshcatch.com. Photos available on request.
